As a multigenerational resident of New Braunfels, the stewardship of the Edwards Aquifer is deeply personal to me. My family's roots in this community span generations, and like so many here, our history, economy, and quality of life are inseparable from this extraordinary natural resource.

The Aquifer sustains our homes, our businesses, our rivers, and our way of life. It is both an environmental treasure and an economic foundation for our region. I am seeking appointment to the Board because I believe thoughtful, science-based management and long-term stewardship are essential to preserving this resource for future generations.

Throughout my service to the community, I have worked to balance growth, conservation, and responsible governance. If appointed, I would bring a collaborative mindset, respect for diverse stakeholders, and a deep commitment to protecting the Aquifer while supporting the vitality of our region.

Safeguarding the Edwards Aquifer is not simply a policy responsibility, it is a legacy responsibility. I would be honored to serve in that capacity.
