RE: Stripes #1515
9315 Ranch Rd 12
San Marcos, TX 78866
Entity # E109-016
Storage Tank # S100-017

Please allow this letter to serve as my request for a Good Cause waiver for missing the deadline for reporting tank removal at Stripes #1515 in San Marcos. Tanks were taken out of service on 6/6/16 and registered as so with Edwards Aquifer. The tanks were removed from the ground on 5/10/18. They were registered as removed from ground with the TCEQ, but I failed to change registration for the Edwards Aquifer. I have taken steps to ensure this does not happen again.

While doing some research on this site in March 2019 it was discovered that this was not registered correctly with the Edwards Aquifer. The registration was updated at that time. I sent Mr. Kyle Craig copies of the construction notification and pictures, along with the Analytical report from Fisher Arnold S/E which contained all the sampling information from the tank removals. I will be attending a Tank Owners workshop when scheduled.

Sincerely,

Carol Paton
