CONCLUSIONS OF LAW

1. Because the Conversion Application seeks to convert BIG in the IRP to UIG associated with a groundwater withdrawal permit issued by the EAA, the Board of Directors of the EAA has jurisdiction over the Application.

2. The Conversion Application meets the requirements of Section 711.342(c)(6)(A) of the EAA Rules and, therefore, a change in land use has occurred relative to the historically irrigated lands constituting the place of use set out in Regular Permit P100-064 (BE00032) such that these lands have been developed.

3. The Conversion Application otherwise complies with the Act and the EAA's Rules.

4. Accordingly, the Conversion Application should be granted in accordance with this Final Order, hereby converting 16.621 AF/yr of BIG associated with Regular Permit P100-064 (BE00032) and the historically irrigated lands constituting the place of use for this Permit to UIG.
