Transferor also represents and warrants that it has good and clear title to the Permit, free and clear of liens or other encumbrances, and no challenges have been made or threatened by third parties to Transferor's claimed ownership of the Permit.

2.0 Permit Transfer. Transferor agrees to, and does hereby transfer 60 acre-feet of the Permit to the Groundwater Trust, and the EAA agrees to, and does hereby accept the transfer thereof, in trust, under the terms and conditions of this Contract.

3.0 Purpose of Transfer. The purpose of this transfer is (1) to provide a water supply to the EAA to make transfers of such water to third-parties that in the sole judgment of the EAA it deems reasonable, appropriate, and necessary, or (2) to manage the overall demand on the Edwards Aquifer.

4.0 Term. The Permit shall remain in the Groundwater Trust beginning on January 1st, 2021 and shall continue through December 31st, 2021, unless sooner removed by order of the Board.

(d) Transferor may not, voluntarily or involuntarily, anticipate, sell, pledge, encumber, license, lease, transfer, assign, convey, give, devise, bequeath, or otherwise dispose of, either directly or indirectly, any right to use the Permit without the prior written approval of the EAA. Notwithstanding the above, EAA shall provide its approval to any proposed transfer of some or all of Transferor's groundwater rights if the transfer expressly recognizes and is subject to the terms of this Groundwater Trust.
