WHEREAS, on January 12, 2021, the Board of Directors (“Board”) of the EAA approved this Contract; and

WHEREAS, it is in the public interest that the EAA authorize this transfer into the Groundwater Trust.

Transferor also represents and warrants that it has good and clear title to the Permit Portion, free and clear of liens or other encumbrances, and no challenges have been made or threatened by third parties to Transferor's claimed ownership of the Permit Portion.

2.0 Permit Transfer. Transferor agrees to and does hereby transfer the Permit Portion to the Groundwater Trust, and the EAA agrees to, and does hereby accept the transfer thereof, in trust, under the terms and conditions of this Contract.

3.0 Purpose of Transfer. The purpose of this transfer is (1) "to provide a water supply to the EAA to make transfers of such water to third-parties that in the sole judgment of the EAA it deems reasonable, appropriate, and necessary." or (2) to manage the overall demand on the Edwards Aquifer.

5.0 Rights and Obligations of Transferor. Upon transfer of the Permit Portion into the Groundwater Trust, Transferor shall have the following rights, restrictions, duties, and obligations:

(b) Transferor shall remain responsible for taking all action, and paying all expenses, required to maintain, defend, preserve, and protect the Permit Portion.

(c) Transferor shall not undertake any action which could lead to the invalidation of the Permit Portion and Transferor shall immediately notify the EAA if Transferor learns of any facts or circumstances suggesting that the Permit Portion could be called into question.

(d) Transferor may not, voluntarily or involuntarily, anticipate, sell, pledge, encumber, license, lease, transfer, assign, convey, give, devise, bequeath, or otherwise dispose of, either directly or indirectly, any right to use the Permit Portion without the prior written approval of the EAA. Further, the Permit Portion shall not be subject to any debt contracted by Transferor, either prior to or after the transfer, or any judicial process for the satisfaction of any claim against Transferor.

(e) Transferor shall not be assessed any aquifer management fees by the EAA for the Permit Portion held in the Groundwater Trust. However, Transferor shall remain liable for any

- (b) The EAA may not take any action that would result in the permanent reduction in the groundwater withdrawal amount of the Permit Portion.
- (c) The EAA is not responsible for taking any action, or paying any expense, required to maintain, defend, preserve, or protect the Permit Portion.
- (d) The Permit Portion shall not be subject to any debt contracted by the EAA, either prior to or after the transfer, or any judicial process for the satisfaction of any claim against the EAA.
